Your application will be reviewed and processed as soon as it reaches us. If your application is turned down, you will be informed by e-mail in the following days. If your application is selected, you will be invited to an interview in English. This 15/20 mn interview will be conducted in English in a friendly and informal manner. Depending on your location, your interview may be conducted via Skype. It will give us an opportunity to get to know you and to appreciate your degree of fluency in English. The decision will be notified to you by email within a few days after the interview.

If you are a BTS student, you can also choose to wait for your exam results; you are eligible if you obtain 13/20 or higher in English at your BTS exam (12/20 for BTS CI students). However, we strongly advise you to take one of the tests above, and not to rely exclusively on your BTS exam results in English as they will not be available to you before the beginning of July. Do not wait for your English test or exam result before you apply. You can apply to the programme and send us your test/exam result separately later. Please forward us a copy of your test score report or exam result as soon as you get it.
